
Languages Borneo Diachronic Synchronic Perspectives

Peter

plural words in austronesian languages: typology and history - conclusions about plural words in austronesian languages. in this thesis, i revisit the typology and history of plural words in austronesian languages, examining their synchronic distribution and diachronic developments. **borneo research council library of borneo** - no. 8 languages in borneo: diachronic and synchronic perspectives. including selected papers from the third biennial international conference of the borneo research council, pontianak, **disentangling the linguistic diversity of sumatra and the ...** - a diachronic typological perspective while vast parts of western island southeast asia are dominated by large languages (such as malay varieties and javanese) displaying a fairly low degree of structural diversity and complexity when compared to the more conservative austronesian languages of taiwan and the philippines, the languages of northern sumatra and the barrier islands off the coast of ... **banyadug prestopped nasals: synchrony and diachrony** - the land dayak languages of borneo are known in the phonological literature for the occurrence of word-final "preploded" or "prestopped" nasals, homorganic sequences of an oral followed by a nasal closure. **the sound of indo-european phonetics, phonemics, and ...** - potheses from both synchronic and diachronic typological data, it is argued that the best solution might be to reconstruct pre-pie implosives (i.e., non-explosive non-glottalic stops) and voiced ... **tat - rutgers university** - land dayak languages of borneo are known in the phonological literature for the occurrence of word-final 'preploded' or 'prestopped' nasals, homorganic sequences of an oral followed by a nasal closure. **the evolution of focus in austronesian - core** - philippine languages. in order to approach this problem, it will be necessary to consider the following questions: 1) what is the grammatical structure of sentences showing 'verbal focus' in philippine languages? and in particular, what is their synchronic and diachronic relation to nominalizations which show affixes cognate with the verbal focus affixes? we need to have a reasonably clear ...
